HOLE IN ONE PROCEDURE FUND

- (a) The Hole in One Fund shall be financed by an annual fee to be set by the Board of Management which shall be included in the annual subscription account for each participating member.
- (b) A \$100 bar credit will be given to the lucky player to spend as they see fit. Ideally the player and his/her playing partners will have their thirsts quenched first then the balance would be shared around the room. This is to ensure that the player and the group actually get to share in the spoils. In addition to this the player who had the hole in one should be announced by the club captain (or next available committee member) on the day. The player will receive the normal trophy with his/her ball mounted along with their choice of a bottle of spirits or bubbly at their next club day. NB in the past this is only available for a club day or tournament. All other existing conditions remain the same.
- (c) Members scoring a hole in one at another club registered and under the control of the NZ Golf Association/Womens Golf New Zealand should hand to the General Manager/Secretary the card correctly recorded and signed. On production of a lounge receipt, a cheque for up to \$100 will be issued immediately or as soon as possible thereafter.
- (d) To be eligible the hole in one must be scored during what was clearly intended to be a full round with a marker, but it is not essential that the round be completed subsequently.
- (e) Marker must be a current playing member of an Affiliated Club.
- (f) The traditional purpose of the fund and payments from it is to enable the player to mark the occasion in the bar lounge with other members on the course that day or on a later date if so desired. Members holing in one at another club need only mark the occasion at that Club.

GOLF COMPETITIONS AND HOW THEY ARE PLAYED

These notes are only intended as in the general concept of how various competitions are played. They must be read in conjunction with the Rules of Golf and in particular the Committee must lay down the conditions under which a competition is to be played (Rule 20-1).

MEDAL OR STROKE

The score at each hole is entered on the score card, totalled and the player's full handicap deducted. The player who completes the stipulated round on the fewest strokes will be the winner.

COMBINED MEDAL

Two players as partners count their total net score for each hole.

PAR

In Par play the score is entered on the card in the same way as in Stroke play with the exception that where the score exceeds par for the hole, after allowing for handicap stroke (if the player is in receipt of one or more) the score need not be written in.

It is custom that when a player is beaten by Par, the ball shall be picked up. This helps speed up play. After entering the stroke score on the card, the result is marked in the column provided with a "+" sign for a win, a "O" for a half, and a "-" for a loss. At the end of the round the plus and minus signs are added and the nett result written in as so many "up", "down" or "all square".

A player is allowed his full handicap and the strokes are taken at holes as indicated on the card.

Where the limit of handicap is 19 or more, two strokes will be allowed on some of the holes. These strokes will be taken in the same order.

STABLEFORD

The popular method of playing a stableford competition is for the player to take strokes at holes as in a Par competition using handicap and to score points on the nett results at each hole. At the end of the round all points scored are added up and the player having the highest number of points is the winner.

In scoring without allowing for handicaps a player who scores Par receives 2 points, or 1 over Par, 1 point. For a birdie or 1 under Par, 3 points, for an eagle or 2 under Par, 4 points and so on.

For example: a player receiving a stroke on a par 4 hole scores 4 giving him a nett 3; for this he received 3 points. A player at a par 3 hole scores a 4 but does not receive a stroke; for this he would receive 1 point.

Handicap strokes are allowed as for Par, with the Stableford points being calculated on the net score for the hole. For example (1) A player receiving a stroke on a par 4 hole scores 4, giving him a net 3; for this 3 points are received. (2) A player at a par 3 hole scores a 4 but does not receive a stroke; for this one point is received.

At the end of the round all points scored are added up and the player with the most points is the winner.

COMBINED STABLEFORD

Two players as partners add their stableford points for each hole.

AMBROSE

Teams of four, eg on a par 4 hole, all players play drives; the longest drive (if most favourably placed) is selected as the team's stroke No. 1. All four then play from that spot to the green; the ball nearest the pin is selected as the team'stroke No 2. All four players then putt from that spot and if one succeeds in holing out, the team score for the hole is 3.

FOURSOMES

Two players play as partners, using one ball. The partners hit off on alternate tees and thereafter play alternate shots until the hole is completed. Scoring is done as for a stroke round with the total subject to a deduction of half the partner's aggregate handicaps.

NOTE: If either player incurs a penalty stroke (or strokes) it does not alter the rotation of play. In a foursomes stroke play competition of more

than one round, the order of play may be changed between rounds unless the Committee provides otherwise.

CANADIAN FOURSOMES

As for foursomes except that both players play tee shots at every hole and then continue with whichever ball they nominate.

Handicap allowance is 50% of the partners' aggregate handicaps.

AMERICAN FOURSOMES

Both players play tee shots at each hole, then play a second stroke with their partner's ball. One ball is then selected and play proceeds as in Foursomes with owner of the ball selected playing the third stroke. Handicap allowance is 50% of the partners' aggregate handicap.

GREENSOMES

Both players play the tee shots and second shots at each hole. One ball is then selected and play proceeds as in Foursomes with the partner playing the third shot. Handicap allowance is 50% of the partners' aggregate handicap.

FOURBALL BEST BALL PAR

Two players as partners, each taking strokes at holes as in single Par Match. If one of the partners wins a hole and the other halves it, only the win is counted; if one halves the hole and the other loses it, the half is counted and so on. Again, to speed play, if a player is unable to better the partner's score, it is customary for the player's ball to be picked up. At the end of the round the playes and minuses are added up and the net result recorded as in a single par competition.

FOURBALL BEST BALL MEDAL

Two players as partners each playing their own ball, both scores to be entered on card with the best net score of the two marked in the 4BBB column.

FOURBALL BEST BALL STABLEFORD

Play is in the same manner as above except that the better ball of the partnership will be allotted points instead of a plus, half or minus.

SOUTH AFRICAN STABLEFORD (Russian Roulette)

Played with a partner and combined stableford points multiplied together, ie $2 \times 2 = 4$; $\times 0 = 0$.

SCOTTISH STABLEFORD

Played as a team of four (three) players take one players score on the Par 3's, two players score on Par 4's and three players score on Par 5's.

MIXED COMPETITIONS

The course par is 74 for woman and 71 for men. In mixed competitions additional strokes may need to be applied.

1. MEDAL ROUND

Women will add 3 strokes to their playing handicap.

2. STABLEFORD ROUND

No additional strokes are applied to the players handicap.
